

**Professional Standards Committee Minutes  
September 11, 2003**

The Professional Standards Committee met in the Misner Room of the Library and elected Kate Stirling to serve as chair for the 2003-2004 academic year.

The committee agreed to rotate the taking of minutes.

Members identified submissions expected from departments, proposing changes in departmental statements of standards and criteria for evaluation.

The past chair identified a matter carrying over from the prior year that would need prompt attention from the chair. Terry Cooney raised a question for future committee discussion arising out of changes in the Code.

The committee adjourned.

Respectfully submitted,

Terry Cooney
