

Student Life Committee
November 14, 2001

Present: Kris Bartanen, Betsy Gast, Duane Hulbert, Diane Kelley, Carrie Washburn, Peter Wimberger

Diane Kelley, chair, called the meeting to order.

We approved the minutes for October 10 and October 24.

The committee was still without any student representatives. Since this meeting two student representatives, Ryan Sweeney and Darrell Frost, have been appointed and we look forward to their participation this spring.

We are waiting to receive a draft of the Student Bill-of-Rights from ASUPS President, David Bahar, so that we can work on our second charge.

We discussed the Off-Campus Student Web Page. The biggest problem for some faculty was in finding the page. There was agreement that using the Search function in UPS web pages was often a futile exercise. OIS is aware of the problem and is planning on changing the search engine sometime this calendar year.

The Committee agreed that the pages for students living off-campus are very good. We had a few suggestions that we have forwarded to Monica Nixon. We were very appreciative of the work that Monica has done.

One question that came up during the meeting was whether the University has any problems contacting off-campus students, especially now that the UPS phone book only lists Mailbox numbers. Carrie suggested that we discuss this issue with Monica in the spring.

The November 28 meeting was cancelled due to lack of work for the committee.

Spring meetings will be held every other Thursday, from 2-3 PM, in Wyatt 226. The dates are 1-31, 2-14, 2-28, 3-14, 3-28, 4-11, 4-25.
