

GATHERING PLACES

University of Puget Sound is a vital and active campus where students, faculty, staff, administrators, community members and guests gather for learning, conversation, lectures, performances, athletic contests, exhibitions and more. Where do we gather, formally and informally? Do our current gathering places meet the needs of those who use them? What can we do to be more open and accessible to the larger community? The Gathering Places diagram is a tool to assess how Puget Sound campus provides effective and meaningful spaces for all who participate in the life of the campus.
