

April 2016

International Students & TCK Newsletter

Greetings from Eowyn & Kim

Hi everyone,

Can you believe it? It's already April! I hope you guys are as excited as I am for the long summer break. Before you face the finals week, don't forget to drop by the International Programs Office to get your travel signatures from our new International Student And Scholar Advisor: Eowyn Greeno! And of course, come say bye to Roy, Carmen, and I. :)

TRAVEL SIGNATURE DAY

Mark your calendars! On **Monday, May 2nd** from **10am—4pm**, Eowyn is going to be holding an open office hour for all of you to simply drop by and get your travel signatures for the summer. The rumor is, there are going to be snacks provided to brighten your days up!

Questions or Comments? Email us at internationalprograms@pugetsound.edu

WELCOME EOWYN !!

Angkor Wat, Cambodia

After spending a year abroad with her family in junior high, Eowyn was infected with wanderlust and hasn't stayed still since. She studied abroad in Russia in high school and in Zimbabwe and Nepal during college. She graduated from Pitzer College with B.A. in Sociology and a certificate in International and Intercultural Studies. She began her career in international education working with the Scripps-Pitzer Program in Zimbabwe. Eowyn holds an M.A. in International Education from SIT Graduate Institute and she spent a semester in Oaxaca, Mexico during her graduate studies. She has spent the majority of her career working with study abroad or international students at colleges and universities in the U.S. She has also lived and worked in Taiwan for a year. Before coming to Puget Sound, Eowyn worked for SIT Study Abroad. In her free time Eowyn enjoys reading, hiking, camping, and being silly with her toddler and husband.

Come say hi to her in the office!

ONE WORLD.

MYRIAD CULTURES

On Display

From the support provided by the International Programs, I was able to display an installation artwork at the WSC Piano Lounge from April 18th-22nd that sought to improve international/multicultural awareness on campus. Thank you to those of you who went to go check it out, and if you didn't have a chance to, there's a great news!

The dates are not settled yet, but the project will be displayed again at the Learning Commons in the Collins Library! With more space provided by the library, I will be able to add more narratives that I didn't have a chance to display at the Piano Lounge; if you want to submit a narrative of your own, please contact me at: kikim@pugetsound.edu
