**NOTES:**

**Puget Sound requires a total of 32 units to graduate**

- 1) The foreign language graduation requirement should be completed early.
  - 2) IPE "tools" course: SOAN 101 or 102; ECON 101; IPE 101; MATH 160 or 260; PG 102. MATH, PG and SOAN are recommended for semesters 1-2. ECON and IPE are recommended for semesters 2 - 4. Take IPE 205 or ECON 271 as soon as possible after ECON 101, in semester 4 or 5.
  - 3) To be chosen in consultation with an IPE advisor. May not be used to meet a University core requirement.
  - 4) Students are encouraged to delay taking IPE 301 until they are ready to choose a thesis topic (junior year or fall of senior year). They should then take 401 as soon as possible after 301 so that work done in 301 can continue in 401.
- + At least one of the three IPE Major Electives must be an upper-division IPE course taken on the Puget Sound Campus.
- \*Of the three units of upper division coursework required outside the first major, the Connections course will count for one unless it is used to meet a major requirement.

### NOTES

\*Three units (usually upper division courses in IPE or related disciplines) chosen in consultation with an IPE advisor. At least one of the three must be an upper-division IPE course taken on the Puget Sound campus.

- a) A 2.0 GPA is required for the major, and to count towards the major, a course must be C- or above (no Pass/Fail).
- b) Every student must coordinate his or her program with an IPE advisor.
- c) No course used to satisfy a university core requirement may be used to satisfy an IPE elective requirement.

Where a course both supports a major in IPE and fulfills a major or minor requirement in another field, a student may count no more than two 200- or higher-level departmental units from that major or minor towards the IPE major.
